High River Day Care has begun an annual child's bike recycle program.

We will collect second hand bikes, attach a new helmet. June 1st with the help of FCSS and Wild Rose Connections, we will distribute the bikes and helmets to High River children in need of a bike. The dates of collection are April 1st - May 31st.

High River Daycare is asking parents and businesses to help collect bikes and /or cash donations in order to purchase helmets for the bicycles that we receive.

Companies that contribute cash will be mentioned in our monthly newsletters, and in the High River Times.

If your company would like to participate please contact High River Daycare (403)652-3352.

1 helmet=\$20 donation

Please drop off gently used bikes at the daycare.

Thank you for helping us help children enjoy the summer.
